Thank you for the opportunity offer comments on the proposed 2015 QAP. We offer the following:

1. We request the minimum award per Metro County be at least 2 projects. The intent of this request is to ensure that limited resources are distributed across the State to the greatest extent possible.
2. We request that the parking requirement for elderly remain at 2/3 space per unit particularly in the metro/urban areas of the State. The local jurisdictions in urban settings are encouraging alternative transportation and transit that are reducing the parking requirements.

We appreciate your consideration of these comments.
