Please see the below recommendations regarding your 2026 QAP.

- 1) *Separate fully accessible units and visual and hearing-impaired units, currently those are overlapping with the fully accessible units, and instead meet those requirements to be built into type B units to preserve fully accessible units. We believe these upgrades could be achieved through a reasonable modification, rather than requiring fully accessible, wheelchair-accessible roll-in showers.*
- 2) *We are asking for HFA to increase 1-bedroom unit production at each development.*
- 3) *Increase in fully accessible wheelchair accessible roll-in shower units from 5% to 10% (ref (F)(3)) section in QAP.*
