Good Afternoon,

After reviewing the drafts of the 2023 QAP, I am in full support of increasing the units for the mobility impaired from 5 percent to 10 percent. As someone who actively works with mobility impaired clients, there is a major shortage of units available. Clients will be on the wait list for years before hearing back from any housing source. The number of units in the area is simply too low to meet the demand.

Alyssa Welch

Human Services Coordinator
Division of Vocational Rehabilitation - Independent Living
