*Note - Principal balance does not include DPA/Second loans. There are \$240,454,000 DPA loans currently outstanding.

**Note - As these assets are not collateralizing outstanding bonds, funds related to these assets may be withdrawn without test.

***Note - In October 2020 the Agency issued the Series 45 Bonds, a portion of the proceeds of which were used, together with other available funds, to refund the remaining Bonds issued under the Trust Agreement, dated December 1, 2009 between the Agency and The Bank of New York Mellon Trust Company, N.A., as trustee. In connection with the refunding, the mortgage loans financed by the Agency under that Trust Agreement were transferred to the Series 45 Program Account. Under the terms of the Supplemental Trust Agreement under which the Series 45 Bonds were issued, 80.15% of the principal payments on such transferred mortgage loans is dedicated to the payment of maturing principal or mandatory sinking fund redemption payments on the Series 45 Bonds, and then to special redemption of the Series 45 Term Bonds maturing July 1, 2051 (the "Series 45 PAC Bonds") up to specified amounts. Amounts not required for this purpose may be used to redeem other Bonds or make new mortgage loans. 19.85% of the principal payments on the transferred mortgage loans are not dedicated to pay maturing principal or sinking fund redemption of Series 45 Bonds or special redemption of Series 45 PAC Bonds, and may be used immediately to redeem other Bonds or make new mortgage loans.
