KEY PROGRAM VERIFICATION OF DISABILITY

Applicant: __________________________________________________________

Project Name: __________________________________ Location: __________

The person named above is a tenant/applicant for a dwelling unit in the above referenced project where their rent will be assisted by the Key Program. For the purpose of qualifying for Key Program assistance the tenant must have a disability as defined by the Social Security Act. (42 U.S.C. 416).

An individual age 18 and older is "disabled" if he or she has:
1) a medically determinable physical or mental impairment,
2) which results in the inability to do any substantial gainful activity; and
   • can be expected to result in death; or
   • has lasted or can be expected to last for a continuous period of not less than 12 months.

The term substantial gainful activity describes a level of work activity that is both substantial and gainful. Substantial work activity involves performance of significant physical or mental duties, or a combination of both, which are productive in nature. For activity to be substantial it need not necessarily be performed on a full-time basis; work activity performed on a part-time basis may also be substantial.

The information requested will be kept in strictest confidence. Thank you for your cooperation in completing this form as soon as possible.
